

## **Guide to Application for The Ping Wo Fund School Project Grants 2025-26**

### **Objective**

1. The Ping Wo Fund School Project Grants 2025-26 (“School Project Grants”), launched by the Ping Wo Fund Advisory Committee (“the Committee”), aims to provide sponsorship to schools to organise educational projects on prevention or alleviation of gambling-related problems among students.
2. Applicants are encouraged to organise educational projects that aim at educating students about the harm of gambling and correct financial management concepts, cultivating positive values and raising self-esteem among them. Target groups may also include parents, so that they would be aware of the importance of cultivating positive values for children, and would be able to identify gambling disorder and seek help as necessary at an early stage.
3. The Committee also encourages all applicants to focus on developing initiatives that align with the interests of children and adolescents. For example, utilising more innovative activity models to conduct relevant programmes can further deepen young people's understanding of the legal consequences of illegal gambling and the harms of gambling addiction, while also emphasising to young people that participating in illegal gambling, such as betting with an illegal bookmaker, is already an offence.<sup>1</sup>

### **Eligibility**

4. All kindergartens, primary schools, secondary schools and post-secondary institutions registered in Hong Kong are eligible for applying for the School Project Grants. While an applicant must be a school / an education institution, **an applicant school / education institution may collaborate with other parties, such as a Parent-Teacher Association.** Each school / education institution is eligible to submit one application each year.
