

**Average monthly attendance at public swimming pools

Year	Attendance per year	Average Attendance per month
2007	9 255 173	771 264
2008*	4 041 081	449 009
2009	8 911 232	742 603

* Notes: Only the attendance at public swimming pools from January to June 2008 and from October to December 2008 has been calculated. If the attendance of 7 628 392 recorded during the implementation of the “Free Admission Scheme of LCSD Leisure Facilities” from July to September 2008 is included, the average attendance per month in that year should be 972 456.
